About Wildlife Rescue Coalition of Northeast Florida, Inc.

WRCNEF is comprised of a group of citizens, volunteers, veterinarians, rehabilitators, and wildlife advocates in the 7 county Northeast Florida area. These supporters came together from a realization that there was a very strong need in northeast Florida to provide care for orphaned and injured native wildlife. While we admit over 2,000 wild animals each year, the WRCNEF receives no funding from the city, county, state, or federal sources. Fundraisers such as this one provides us with necessary funding for our daily operations. Thank you for your continuous support!
